Ma Vie

ma vie

Ma Vie is the magazine for women who want to live their lives with greater consciousness and find a good balance in their everyday lives – between Apple, Amazon and personal awareness! *Ma Vie* invites readers to look inwards for once in this fast-paced world, and to take the time to draw inspiration from new ideas, visions or even mental exercises. *Ma Vie* is anything but a lesson in going “higher, faster, further”. *Ma Vie* introduces people who tackle the concepts of consumption and quality and reports on modern manufacturers who create their products with plenty of attention to detail.
